

Usa il diagramma per identificare le facce, i vertici e le superfici delle forme

Risposte

1)

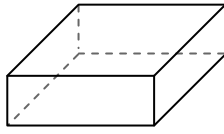

piramide triangolare

facce: _____

vertici: _____

spigoli: _____

2)

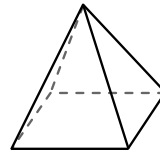

prisma rettangolare

facce: _____

vertici: _____

spigoli: _____

3)

piramide rettangolare

facce: _____

vertici: _____

spigoli: _____

1. _____

2. _____

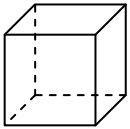

3. _____

4. _____

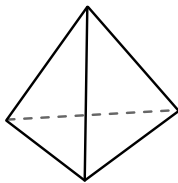

5. _____

6. _____

4)

cube

piramide triangolare

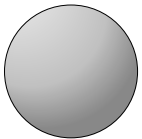

Quale forma ha più facce?

A.cube

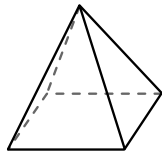

B.piramide triangolare

C.Entrambi hanno lo stesso numero di facce.

5)

sfera

piramide rettangolare

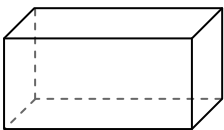

Quale forma ha più vertici?

A.sfera

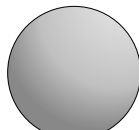

B.piramide rettangolare

C.Entrambi hanno lo stesso numero di vertici.

6)

prisma rettangolare

sfera

Quale forma ha più spigoli?

A.prisma rettangolare

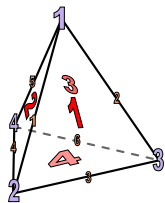

B.sfera

C.Entrambi hanno lo stesso numero di spigoli.

Usa il diagramma per identificare le facce, i vertici e le superfici delle forme

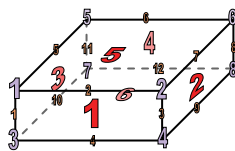

1)

piramide triangolare

facce: 4vertici: 4spigoli: 6

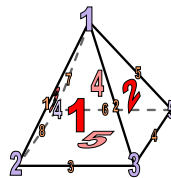

2)

prisma rettangolare

facce: 6vertici: 8spigoli: 12

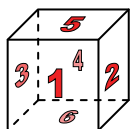

3)

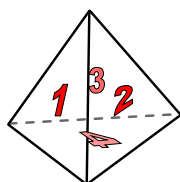

piramide rettangolare

facce: 5vertici: 5spigoli: 8

4)

cube

piramide triangolare

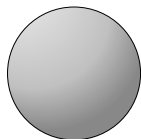

Quale forma ha più facce?

A.cube

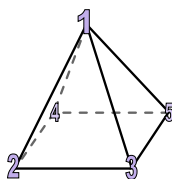

B.piramide triangolare

C.Entrambi hanno lo stesso numero di facce.

5)

sfera

piramide rettangolare

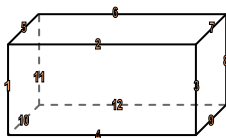

Quale forma ha più vertici?

A.sfera

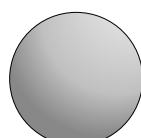

B.piramide rettangolare

C.Entrambi hanno lo stesso numero di vertici.

6)

prisma rettangolare

sfera

Quale forma ha più spigoli?

A.prisma rettangolare

B.sfera

C.Entrambi hanno lo stesso numero di spigoli.

Risposte1. 4, 4, 62. 6, 8, 123. 5, 5, 84. A5. B6. A
